

Kunal Kumar Dey

Bengaluru, India
kunal.kumar.dey@sap.com

Summary

M.Tech Computer Science student with hands-on experience in building scalable backend services using Java and Spring Boot, and developing responsive frontend applications using React and SAP UI5. Skilled in designing REST APIs, integrating full-stack systems, and leveraging AI-assisted tools to accelerate development.

Skills

- **Languages:** Java, JavaScript
- **Frontend:** React, SAP UI5, HTML, CSS
- **Backend:** Spring Boot, REST API Design
- **Tools:** Git, GitHub, Linux, Maven, Gradle
- **Other:** AI-assisted development, GitHub Copilot, prompt engineering

Experience

Software Development Team Experience

Present

- Designed and developed backend services using **Java and Spring Boot**, implementing clean layered architecture and modular components.
- Built and optimized **RESTful APIs** for data handling, validation, and efficient client-server communication.
- Developed responsive user interfaces using **React and SAP UI5**, improving usability and frontend performance.
- Integrated frontend and backend systems, ensuring seamless **API communication** and data flow.
- Accelerated development workflows by leveraging **GitHub Copilot** for code generation, debugging, and rapid prototyping.
- Applied **prompt engineering techniques** to enhance code quality and reduce development time.
- Improved code maintainability by following best practices in **modular design and reusable components**.
- Utilized **Git** for version control, enabling efficient collaboration through branching and code reviews.
- Debugged and resolved issues using logs and structured problem-solving approaches, improving application stability.
- Collaborated in an agile team environment, contributing to efficient sprint execution and delivery.

Education

M.Tech in Computer Science

2025 – Present

BITS, Pilani

B.Tech in Computer Science

2021 – 2025

Rungta College of Engineering and Technology

Leadership & Activities

- Core member of Coding Club; organized hackathons and technical events with active participation.
- Demonstrated leadership, teamwork, and initiative in collaborative environments.
